

## 19<sup>th</sup> Annual ADHD and Related Concerns Conference – Biographies

### Keynote Speakers

#### **Donna Porter, MS, CCC-SP**

#### **DJ Batiste – Motivational Speaker**

Donna Porter has dedicated her life to the field of education, and has gained a breadth of wisdom and experience that she now pours into audiences across the nation. Early in his life, DJ Batiste was expelled from Head Start. His educational career was filled with constant discipline issues resulting in suspensions, expulsions, and enrollment in alternative education. In the fifth grade, he organized a gang and continued to effectively lead gangs throughout his high school years. In the community, he endured arrests and time spent in Juvenile Detention. DJ was traveling on a path of complete destruction until he stepped into Porter's Oral Communications class his senior year. From their first novel encounter, both of their lives were forever changed through the power of a judgement free relationship. A true renaissance educator, Porter has served in a variety of specialties: speech/language pathology, dyslexia support, theatre, public speaking teacher and speech and debate coach. DJ leads and teaches from a different point of view and inspires thousands of educators across the nation with his important message of Connection Before Correction. Throughout Porter's journey, the common thread is a passion for using innovative techniques to unlock the boundless potential of every student. Those unique techniques have made her one of the Southeast's foremost experts in the development of a relationship-based classroom. Her skills transformed Batiste's life, turning him away from gang life to a high school graduate and motivational speaker. She has been recognized with numerous awards: Mississippi Congressional District IV Teacher of the Year, Thad Cochran Arts Integration Teacher of the Year, STAR Teacher, Promethean Organization's Thank-A-Teacher Competition Winner, and Stephen Sondheim Inspirational Teacher. Porter holds B.S. and M.S. degrees from the University of Southern Mississippi. This teacher of teachers will change the way you view the classroom and DJ Batiste will inspire you as you impact the next generation.

**Disclosure Statement:** No financial or non-financial relationships exist.
